FOUND GUILTY IN KNIFING OF FRUIT WORKER

Ivan Turner, 31-year-old Philadelphia Negro migrant worker, was found guilty by an Adams County jury Thursday afternoon of aggravated assault and battery in the knifing of a fellow fruit worker.

The jury at the same time found Turner innocent of aggravated assault and battery with intent to kill.

Judge Dale Shughart, Carlisle, presided over Adams County cases this term of court while Judge W. C. Sheely is busy with the Elmo Smith trial brought here from Montgomery County.

Claims Self Defense

Turner told the jury he had gone to Jack Billingslae, Florida migrant worker, at a camp near Aspers during an altercation between Billingslae and Turner's wife. Billingslae raised a beer bottle in a threatening gesture, Turner said. The Philadelphia said he grabbed Billingslae's arm in an attempt to wrest the bottle from him, found he was not succeeding, and in desperation reached into his pocket with his other hand, pulled out a pocket knife, opened the blade with his teeth and then stabbed Billingslae three times to subdue him. Billingslae agreed that he had a beer bottle in his hand. None of the witnesses to the scene recalled a bottle in Billingslae's possession. The testimony showed a series of arguments between the two men, with Mrs. Turner also in the arguments, during the evening in which, according to the testimony, there was some drinking by the principals involved. There was no testimony as to the cause of the arguments which ended in the stabbing.

To Resume Monday

Dr. Bruce N. Wolff, local surgeon, testified that one of the cuts was "superficial" and two others were potentially very dangerous. One slash cut into Billingslae's stomach, another narrowly missed an intestine.

Judge Shughart told the jury, after its foreman, John W. Dardorff Jr., Biglerville, had handed up its verdict at 5:30, that the jurors were excused until Monday when trials will be resumed.

JAYCEES WILL HELP GET OUT VOTE IN FALL

Plans for a "Get-Out-The-Vote Project," a booth at the South Mountain Fair, promotion of Gettysburg Battlefield Preservation and a number of other activities, were discussed at a meeting of the Junior Chamber of Commerce at the former CCC Camp on W. Confederate Ave.

Henry Trainer, chairman of the "Get-Out-The-Vote" campaign, told the group the Jaycees wish to cooperate with the county's Republican and Democratic parties and the county election board in their efforts to encourage voting in November. Preliminary plans were discussed for possible participation in a proposed state-wide Jaycee "Get-Out-The-Vote" event. If plans can be worked out the state will all hold dinners in each community on October 29 at which local candidates will be guests and Kennedy and Nixon will speak on closed circuit television to all of the dinners.

The group voted a resolution of thanks to Richard Guise, chairman of the recent Antique Show, and Wesley Kriebel, chairman of the program for the exhibition. Reports showed 1,250 attended the show. President Harry Spangler reported, "Not only was this the biggest and best show we have had but 12 dealers have already signed to attend next year's show," he added.

Promote Field Preservation

Henry Trainer and Thomas Metz reported on plans for promotion of Battlefield preservation work by the state Junior Chamber. Gettysburg and Upper Darby Junior Chamber units are the committee for the promotion. Plans were discussed for making a television tape recording to aid in the promotion.

Reports were presented on the Junior Tennis tournament to be held next week by the Jaycees.

Plan Booth At Fair

Thomas Metz was named chairman of the South Mountain Fair booth with Donald Ferring, John Guise and Jay Sixes, members of the committee.

Members were asked to be present at the Adams County Free Library at 9 o'clock Saturday morning to aid in final removal of trees in front of the building. Two trees have been topped and a third is to be topped Saturday. At the same time, assisted by a bulldozer provided by Russell Maitland, the group plans to remove the stumps. Removal of the trees was required by need for placing a new sidewalk.

OAS Split Over Herter's Demand For Clear Stand On Cuba-Communist Ties

By STANFORD BRADSHAW
SAN JOSE, Costa Rica (AP)—The Organization of American States split today over U.S. demands that it pinpoint Cuba in a condemnation of Communist infiltration into the Western Hemisphere.

Delegates from some of the larger Latin American nations to the OAS Foreign Ministers Conference lined up with the United States. A group of smaller members favored a vaguely worded resolution condemning "extracontinental intervention" without naming Fidel Castro's government, the Soviet Union or Red China.

The United States put the issue squarely before the conference Thursday night by introducing a resolution condemning Chinese-Soviet efforts to spread their influence in the hemisphere and calling on Cuba to "repudiate and reject" such moves.

U.S. Secretary of State Christian A. Herter was expected to press support from Argentina, Chile,

MAKE PLANS FOR FFA, 4H DAY AT FAIR SEPT. 9

Twelve vocational agriculture instructors representing high schools in Adams and Franklin counties and Richard C. Lighter, Vo-Ag advisor, met at the C. H. Musselman Company's Biglerville plant Thursday to complete plans for contests on FFA and 4-H Day, September 9, at the South Mountain Fair.

The contests, with about 350 Vo-Ag students expected to participate, will include dairy, fruit, land, farm mechanics, agronomy, swine judging and tractor driving. A short course in apple judging was conducted by Donald E. Horne, Musselman horticulturist, the information to be used by the Vo-Ag teachers in training participating students.

Apple judging was included in the FFA contests at the South Mountain Fair for the first time in 1957 and has been attracting around 60 contestants annually. It is designed in two parts. The first is an identification of 10 apple varieties grown in local counties. The second part involves a ranking of plates of four varieties of apples according to form, size, color, uniformity and condition.

Chairman for apple judging are Charles Smith, New Oxford, and Stephen Heyser, East Berlin.

Others attending the meeting at Biglerville were: John White and Cecil Snyder, Biglerville; Robert Leiter, Fairfield; George Glenn, Gettysburg; John Johnston and Charles Chronister, Mercersburg; Lynn Shatzer, St. Thomas; Paul Benschoff, Waynesboro; Carroll Slothour, York Springs; Paul Tate, Fannett-Metal.

BUFFS VISIT 2 MARYLAND BATTLE SITES

"The Battle of Westminster" and "The Battle of Union Mills" were the subjects for a tour by the Gettysburg Civil War Round Table Thursday night.

The local Civil War buffs traveled to the Shriver homestead at Union Mills where they visited the structure begun in 1797 when Andrew Shriver moved from his tavern at Littlestown to join his brother, David, in construction and operation of a grist mill and saw mill along Big Pipe Creek which soon gained the name "Union Mills."

Dr. Frederic Shriver Klein, of the department of history of Franklin and Marshall College, present owner of the Shriver homestead, conducted the tour through the 23 rooms of the house preserved as a museum.

Battle-Connected History

Immediately prior to the Battle of Gettysburg, the homestead was the scene of much excitement. J. E. B. Stuart led his cavalrymen to Union Mills and stayed at the home of a member of the Shriver family who was a Confederate sympathizer, across the road from the Shriver homestead. Stuart's men raided the Shriver homestead and mill and in the kitchen are preserved the equipment on which pancakes were made for Stuart's men. The old Hanover Rd., now closed, over which Stuart's men rode enroute to Hanover and then Gettysburg, was shown the Round Table.

General Meade planned for the battle which eventually was fought at Gettysburg, to be fought along Big Pipe Creek and on the night of June 30, 1863, the Fifth Corps of the Army of the Potomac surrounded the Shriver home. In the "parlor" at the home which once was a tavern are the piano and violin described by one of the members of the family who wrote in 1863: "General Barnes had about a dozen young men on his staff. (Barnes made the home—Continued On Page 2)

Cite Three Points

Dr. Simpson and Dr. Aronson, who examined the body after it was found, made these other points during direct questioning by Vincent Cirillo, assistant district attorney of Montgomery County, and cross examination by one of Smith's two lawyers, Gilbert P. High:

1. Maryann died from 12 to 24 hours before Dr. Simpson began an autopsy on the evening of Dec. 30 the day she was found; but she could have lived longer or could have died immediately after the blows.

2. She had suffered a large jagged skull fracture and five small fractures.

3. There were cuts behind the right ear, which could have been caused by the ribs of an umbrella driven against Maryann's head by a blow. (Cirillo contends that Maryann was struck while waiting for a bus in the rain.)

Other witnesses Thursday described the finding of the body and other events on the day it was found.

SCHEDULE CUB GAME

Cub Pack 78 of St. Francis Xavier Church will meet Cub Pack 161 of Aspers in a softball game Saturday evening promptly at 6 o'clock at the Bendersville ball field. Family members who wish to picnic will find facilities there.

SLAYER, CAR DESCRIBED BY WITNESS TODAY

A witness testified today that the night Maryann Mitchell disappeared from a Philadelphia street corner he noticed a man in a car identical to the one the commonwealth says was used in the girl's rape and murder.

Charles N. Gorman, testifying at the murder trial of Elmo Smith, 40-year-old Bridgeport handyman, located the car only eight-tenths of a mile from where the 16-year-old victim's ravished body was found lying in a muddy gully.

The following day, Maryann's pocketbook was found lying on the lawn of a house alongside which Gorman said he noted the parked vehicle. The witness said the man in the car was about 32 or 33 years old and wore a heavy coat.

Car Like Father's

The commonwealth contends that Smith saw Maryann at a bus stop in Philadelphia on the night of Dec. 28, slugged her over the head with a bumper jack and dragged her into a stolen car.

Gorman said the car was just like one his father had. He said it was parked only 50 feet ahead of his own car. The assistant foreman of a ball bearing firm said the car doors were shut but the dome light was on.

He testified the man behind the wheel had his head turned to the right toward the passenger's side and was looking down as though reading a road map. He said the man had long hair.

"Car Sped Off"

"He was not young," the witness said. "He was an older fellow about 32 or 33."

Gorman said that when he switched on his headlights, the parked car sped off with its dome light still on in the direction of Whitemarsh Twp.

The prosecution did not ask whether the defendant, Smith, resembled the man Gorman had seen in the car.

If a bumper jack was used to bludgeon Maryann Mitchell, it could not have been swung with sufficient force inside a car to inflict the wounds she suffered, a coroner said.

NO DRAMATICS IN HITCHCOCK TV DIRECTING

By CYNTHIA LOWRY
AP TV-Radio Writer
HOLLYWOOD, Calif. (AP)—The scene was a well-furnished living room and the characters were husband and wife, played by Les Tremayne and Audrey Meadows. As they talked back and forth, Tremayne stood beside a table meticulously building a batch of the driest dry martinis ever concocted from water, colored water, ice and an olive.

Director Alfred Hitchcock, sitting just out of camera range, kept his eyes fastened on Tremayne as the actor poured a hefty slug of water from a gin bottle into a container. He nodded slightly as Tremayne uncorked a vermouth bottle, poured a bit of the liquid into a glass beaker and then, after due consideration, poured back to the bottle all but a few drops. The few drops then went into the simulated cocktail.

No Dramatics
The scene ended and the crew moved the equipment to another set next door.

Meanwhile, Hitchcock sat quietly to one side, occasionally conferring with a member of the crew or a performer in a conversational tone. There were no histrionics, no dramatic cries of "Action!" or "Cut." When Hitchcock was satisfied with the way a scene had gone, he merely glanced over toward the men at the camera and nodded his head.

Hitchcock was directing the final scenes of the first show in his fall series, "Mrs. Bixby and the Colonel's Coat." During the rest of the season he'll direct two or three more, but his first show is particularly important. "Hitchcock Presents," after several seasons as a Sunday night confection in the CBS line-up, moves to NBC Sept. 27 and into a Tuesday night spot. All concerned are fretting a bit about the impending time and network change after all these years in the same spot.

Hitchcock's Reaction
Hitchcock strolled over and I asked him if he planned to tone down his sometimes macabre tales now that the program would be seen at 8:30 p.m.—an hour earlier than in the other years and at a time when more young people would be watching.

"Let us say," he corrected gently, "that hereafter the children will be able to get to bed earlier."

NBC has pulled together a musical tribute to the late Oscar Hammerstein II and will show it tonight, 8:30-9 p.m. (EDT).

WEARY MOTHER BACK FROM RED CHINA PRISON
NEW YORK (AP)—A weary Mary Downey returned today from a trip to Red China, where she visited a son imprisoned on spy charges.

"I hope it won't be necessary to have to go back to visit him again in prison," she said at Idlewild Airport.

However, when she was asked whether she felt her son John, 30, might be freed, Mrs. Downey replied: "I was given no indication that my son might be released."

Conflicting Reports
She said she had tried to see some of the Chinese officials but didn't.

Her comments at Idlewild seemingly conflicted with earlier news reports. In those she was quoted as saying at a Hong Kong news conference that Peiping authorities hinted at eventual release of her son for good behavior, though possibly not for some years yet.

Mrs. Downey, a schoolteacher who lives in New Britain, Conn., spoke of being extremely weary. She was met at the airport by another son, William, a New York bank employee, and left soon by automobile for her home.

Rule Firemen Won't Pay Electricity Tax

Contrary to notices received by fire companies throughout the state recently, the state's Bureau of Sales and Use Tax has ruled that volunteer fire companies need not pay sales tax on the electric current they consume.

Fire company secretaries have received letters from Assemblyman Francis Worley containing a ruling from the state tax bureau, secured by him at the request of county firemen at their county convention in Littlestown earlier this month.

Quoting Richard H. Wagner, chief counsel for the sales tax bureau, Mr. Worley wrote: The state tax bureau has taken the position that any electricity that volunteer companies would use for purposes unrelated to fire fighting would be negligible. Companies should be instructed to use their tax exemption to buy all electricity for use at their establishments tax free.

Hawaii Setting For New Musical

NEW YORK (AP)—The musical "13 Daughters," set in Hawaii in the last century, is scheduled to open on Broadway Feb. 9.

The book, music and lyrics all come from Eaton "Bob" Magoon Jr., who reportedly based the plot in part on a factual event in his background.

The musical deals with a young and ambitious Chinese mandarin who came to Hawaii to marry a princess. It was prophesied that the princess would bear no sons and 13 daughters, none of whom would marry, because her marriage to a foreigner defied tradition.

Runaway Tractor Kills Aged Farmer

BLAIRSVILLE, Pa. (AP)—A runaway tractor hit and dragged an Indiana County farmer about 30 feet, fatally injuring him Thursday.

The victim was William Roy Stuchell, 67, of Blairsville R. 2. The Indiana County coroner's office said Stuchell got off the tractor to detach a hay rake and left the motor running. The tractor rolled down a small embankment and struck Stuchell.

RED ATHLETES THAW COLD WAR WITH PICTURES

ROME (AP)—The Russians today advanced their get-friendly campaign to the point of Olympic hand-holding and public cuddling.

It was right down on the athletic field, too. Blonde Tasia Tchetschik and brunette Vera Ozolina advanced on U. S. high jumper John Thomas, Negro world record holder from Boston University.

Poses Willingly
"Come," said Tasia in English, "and pose with us."

Thomas—who'd just finished jumping 6 feet 10 in seven practice tries—willingly agreed. Tasia stood on Thomas' left and Vera on his right.

Decathlon Stars
"Now," said Tasia slipping her arm around Thomas' waist, "put your arms around us."

Cameramen snapped away as the two Soviet girls smiled up at Thomas who seemed visibly impressed with the friendly embraces.

While this was going on down at one of an Olympic athletic field, Russian and American men were getting together at the other end.

This time it was the Soviet Union's decathlon athlete, Vasily Kuznetsov, who made the advance. "I'd like a picture with you," he told America's Rafer Johnson.

"Sure," replied Johnson, "but I'd like to include a friend."

Johnson, a Negro, beckoned to C. K. Yang, who represents Chang Kai-shek's Nationalist China.

For a moment Kuznetsov hesitated because Russia's relations with Nationalist China are colder than frigid.

"Oh, come on," urged Johnson. "O.K.," said Kuznetsov, "but I don't know you," he added with a mock frown at Yang.

Asked what was behind the sudden friendship campaign, Art Lentz, assistant executive director of the U. S. Olympic Committee said: "I really don't know. This idea of getting together and practicing together was their idea. And they surely are pushing it."

Going To Court
Tony, owner of the T and R Disposal Co., said one of his trucks hit the branch while driving near the curb.

"But that's no reason for the county to send out an army to haul one tree away and plant another little one," he said. "It's too much money."

The County Parks and Recreation Department says it'll take the hassle to small claims court.

Estimate It Takes \$6,000 Yearly For Family Of Four

WASHINGTON (AP)—The Labor Department calculated today it costs about \$6,000 a year to maintain a four-person city worker's family on a modest but adequate living level.

An actual survey of 20 cities showed costs ranging from \$5,370 in Houston, Tex., to \$6,367 in Chicago.

The exhaustive survey by the department's Bureau of Labor Statistics also estimated the income of such a family conservatively is \$7,000 to \$7,500. It said income typically outstrips budget needs by 15 to 20 per cent.

Based On Family Of 4
The budget is based on a family consisting of an employed husband, aged 38, a wife not employed outside the home, a daughter aged 8, and a son aged 13, all living in a rented dwelling in a

EXPERTS SEE NO SPLIT IN COMMIE RANKS

By ARTHUR GAYSHON
LONDON (AP)—Western diplomats here consider that the struggle between Nikita Khrushchev and Mao Tse-tung for the ideological leadership of the Communist world does not mean a split between the Soviet Union and Red China is imminent or even likely.

The Kremlin reportedly has put out a secret manifesto to rally support behind Khrushchev's policy of peaceful coexistence. The circular was addressed to Communist party cadres inside the Soviet Union and the party leaders outside.

A Communist diplomat in London said that Peiping has issued or is preparing a parallel circular setting forth that the West cannot be trusted and that East-West war is inevitable — the dogmatic Leninist line.

Chinese Views
The New York Herald Tribune, which first published news of the Soviet circular Thursday, said today that Red China's counterattack, "as outlined in its press and in conversations with foreign diplomats and delegations, has concentrated on the line that the Russians were falsely misrepresenting Peiping's true view of peaceful coexistence, (and) that the Russians were modern revisionists trying to distort orthodox Leninism which sanctifies 'just wars.'"

The Tribune dispatch, from the paper's Washington bureau, said while there have been "hesitations here and there, reports show that the vast majority of Communist parties are swinging behind Moscow's assertion that the Soviet bloc should oppose the use of nuclear war as means of achieving world revolution and that this renunciation is perfectly consistent with Leninism."

The U. S. government is understood to have what seems to be an authentic summary of the Soviet circular.

CUBANS BLOCK ARMS PASSAGE

HAVANA (AP)—Cuban military forces have blockaded the Las Villas province hills, barring arms and supplies from dissidents operating there against the Fidel Castro regime, reports from Cienfuegos said today.

Army patrols blocking every highway and secondary road halt vehicles and search them. The reports did not mention any new clashes between Castro forces ringing the hills and bands of defectors totaling about 400 men.

Informants in Cienfuegos also said the bulk of Cuban navy men at the Cayo Loco base have been removed and reassigned. Cuban infantrymen have taken over the base, the reports added.

The changes came after raids on major naval bases to ferret out plotters in a reported scheme to seize two of Cuba's best warships and sail them into exile.

No official announcement of the raids and the navy changes that followed has ever been made.

Dine At Manchester
The next day the Fifth Corps moved off to Gettysburg and the battle here.

Following the visit to the Shriver homestead the Round Table moved to the Russ-Joy Inn near Manchester for dinner and a talk by Dr. Theodore Whitfield, head of the history department of Western Maryland College, who spoke on Westminster's part in the Civil War.

"While we did not have the Battle of Gettysburg, Westminster was a busy place in connection with the Gettysburg battle. And if Gregg's cavalry had been able to move just a little faster it is possible the Battle of Gettysburg would have been fought at Westminster."

"Troops were in and out of Westminster for several days prior to the battle, both Confederate and Union troops holding the town at various times.

Became Supply Center
"The actual fighting was but a small skirmish, but was bitter enough. Saturday, June 27, 1863, Major Napoleon B. Knight of the Delaware Calvary was sent with his unit to Westminster. They encamped on what is now the campus of Western Maryland College.

"June 28 Jeb Stuart's cavalry moved in. The tiny unit of about 90 men commanded by Major Knight sought to halt the Confederates, but against 5,000 he had no chance.

"General David Gregg's Second Cavalry Division was at New Windsor moving toward Westminster while Stuart was in Westminster. He was held up by the movement of other units. One often wonders what would have happened had Gregg arrived a few hours earlier and met Stuart at Westminster. Would that have been the beginning of what later turned out to be the Battle of Gettysburg?

"Westminster was the closest railroad to Gettysburg that could be used by the Union forces and so it became the center for supplying the Union troops at Gettysburg. At one time 30,000 mules and 5,000 wagons were in Westminster."

6-YEAR STRIKE IS BLAMED ON KOHLER FIRM

WASHINGTON (AP)—The National Labor Relations Board today ruled the Kohler Co. had refused to bargain in good faith in its six-year-long dispute with the United Auto Workers Union.

The board found that the Sheboygan, Wis., plumbing fixture firm committed a series of unfair labor practices after a 54-day shutdown of its plant following a strike that began April 5, 1954.

The five-man NLRB unanimously directed the Kohler Co. to bargain collectively with UAW Local 833.

Four of the five board members held that what began as an economic strike, after a breakdown in contract negotiations, was converted by Kohler into an unfair labor practice strike on June 1, 1954, by an unlawful wage increase to non-strikers.

The fifth NLRB member, Joseph A. Jenkins, said the strike should be considered an unfair labor practice walkout from its inception. He said the company had exhibited "fixed intent to precipitate a situation which would enable it to rid itself of the union."

Unlike the other four NLRB members, Jenkins said Kohler caused the strike by illegal practices.

KENNEDY RAPS POOR DEFENSE

By DOUGLAS B. CORNELL
DETROIT, Mich. (AP)—Democratic presidential candidate John F. Kennedy today urged a beefed-up defense program "regardless of what it will cost."

The Massachusetts senator told fellow members of the Veterans of Foreign Wars: "The harsh facts of the matter are that our security and leadership are both slipping away from us—that the balance of world power is slowly shifting to the Soviet-Red Chinese block—and that our own shores are for the first time since 1812 imperiled by chinks in our defensive armor."

Kennedy's forum was the VFW national convention, where Vice President Richard M. Nixon, the Republican presidential candidate appeared two days ago. Nixon told the VFW—he is a member too—that the United States stands first in the world militarily, economically, scientifically and educationally and that "we have the will and determination to maintain that position."

In his own prepared address, Kennedy challenged Nixon's words as "a series of rosy reassurances" and as a "siren call of false contentment."

the ministers to take a clearcut stand in a reply today to the Castro government's latest attack on U.S. policy.

Cuban Foreign Minister Raul Roa, in a two-hour speech Thursday, accused the United States of meddling in Cuban affairs and creating tensions in the Caribbean area. He praised the Soviet Union as a protector of small nations and said the United States "is solely to blame for trying to contain Cuba's right to rule itself."

Roa made several references to Soviet Premier Nikita Khrushchev's offer to support Cuba with rockets if the United States attacks the island. "Would other Latin American countries come to Cuba's aid?" he asked.

Propaganda Bid

Roa wound up with a surprise offer from his government to negotiate its differences with the United States. But U.S. officials viewed this as a propaganda gesture to belabor the issue and said Cuba in the past 18 months has refused U.S. bids to negotiate 17 times.

In a statement issued on the heels of Roa's marathon speech, Herter ignored the offer to negotiate the charged Cuba had rejected the inter-American system and swung her allegiance to the Communist world.

MISSING PLANE STILL SOUGHT

PHILADELPHIA (AP)—The Civil Air Patrol is conducting a "maximum effort search" to locate the plane in which Henry Griffing and his family left Teterboro, N.J. on Aug. 16.

The search, ordered Thursday night by the 14th Air Rescue Service, will be conducted only in southeastern and southwestern Pennsylvania and in New Jersey.

The Air Force had halted the search last Tuesday so that it could make an evaluation.

Flying Home

Griffing, president of Video Independent Theaters, Inc., his wife and two children, were thought to have been flying to their home Oklahoma City in their single engine Cessna 182.

They were not heard from after the takeoff.

A Philadelphia CAP spokesman said Thursday night the Air Force has limited the search area to south of an east-west line that would go through Allentown, Pa., at its northernmost point.

The CAP spokesman said the Air Force's evaluation has led them to believe this is the most likely area in which the plane might be found.

FARMERS DAY ATTRACTS 100

About 100 farm people from Adams, Cumberland, Franklin and York Counties attended the annual Farmers Day program on Tuesday at Caledonia State Park, which was sponsored by the Farmers Home Administration and Agriculture Extension of the four counties.

After the discussion on veal feeding by William Reagan, milk testing by John Naugle, and soil testing by John Rocketman, the crowd gathered around the Penn State trailer and watched Extension Dairy Specialist Stephen Spencer demonstrate with means of the mobile milking equipment the good and poor methods of operation. Mr. Spencer explained how each farmer can check his own milking equipment and make adjustments to get better results and eliminate mastitis.

While the ladies were getting their picnic lunches ready the men pitched horseshoes and played soft ball. The children enjoyed supervised group games and the park pool.

The main feature of the afternoon was the hay show. Hay samples were entered by nine farmers who brought some of the best quality hay produced in the four counties this year. First prize blue ribbons went to the following: Glenn Hoffman, East Berlin; Marlin Ziegler, New Oxford, and Arthur Gayman, Shippensburg R. D. Other prizes were won by David Rinker, East Berlin; John Good, Hanover; Truman Fells, Stewartstown; Roy Myers, New Freedom; Albert Bentz, Thomasville; Stanley Gierle, Lineboro, Md. During the hay show, John Baylor, extension agronomist from Penn State, explained the methods of producing quality hay and silage and the importance of forage testing in reducing feed costs.

American And British Naval
Forces Enter Sagami Bay, Near
Tokyo, Today

Battleship Missouri led strong American and British naval forces into Sagami bay below Tokyo today. General Douglas MacArthur announced designation of the Eighth Army, commanded by Lt. Gen. Robert L. Eichelberger, as among the first forces to occupy the Tokyo area.

"The Eighth will land from transports in the area of initial evacuation September 1," MacArthur informed the Japanese headquarters by radio.

The Fleet's thrust to within 30 miles of Tokyo proved as quiet as a peacetime maneuver in home waters. The final act of surrender will be signed aboard the Missouri in Tokyo bay Sunday.

Victory Fete Wednesday In Littlestown: As community "Victory Parade" in which all patriotic organizations are invited to participate will be held Wednesday evening at 6:45 o'clock in Littlestown. In the event of rain the parade will be held Thursday evening.

Citizens and organizations of Littlestown have contributed more than \$600 toward staging the parade. Funds remaining will be turned over to the American Legion at Littlestown for the staging of a Homecoming for veterans of World War II which will be held at a later date.

Travel Hits New War High: Battlefield travel hit a new high over the weekend when a total of 150 guided trips were made over the battlefield in addition to two bus trips through the park. The National Park office here estimated part visitation for Saturday and Sunday at 7,600 compared with 5,472 for the first weekend of ration-free gasoline.

500 Persons At State Guard's Military Fete: Adams county's troop C of the Pennsylvania State Guard and their guests enjoyed their first annual military picnic at the South Mountain fair grounds Sunday afternoon and evening. The crowd was estimated at 500 persons.

A. S. Stanton Is Killed In Action Abroad: Pfc. Albert Stewart Stanton, 30, son of Mr. and Mrs. David Stanton, Breckenridge Street, was killed in action in the Philippines, according to a War at noon today by the soldier's wife. Stanton, a veteran of action in Italy, was serving with an Engineers' outfit. He has been in service for two years, and was sent to the Italian theater of war May 17, 1944.

Legislators And Business Gearing For Post-War Era: The frightening problem of millions of jobless workers stirred legislators and businessmen to action today. An influential business group urged the government immediately to help pay the fare of stranded war workers to new jobs.

This body, the research committee of the nationwide C.E.D. — Committee for Economic Development — also recommended that most states increase their payments to the unemployed.

Local Dentist Survives Tube, Plan Attack: Aboard the USS Santee in the Pacific — Lt. Fred B. Bryson, USNR, whose wife, Mrs. Dorothy K. Bryson, lives at 438 Baltimore Street, Gettysburg, Pa., serves aboard this ship, the only carrier to take a loaded Kamikaze through her top and a torpedo through her side in the same action without halting operations. She was also the first carrier to support a landing, to intercept a blockade runner, to wage successfully antisubmarine warfare and the first to be crashed by a suicide Jap. The Santee carried on fleet operations for two days at Leyte despite her damage. She also saw action in the invasion of North Africa, Palau, Altpae, Hollandia, Guam and Morotai.

Today's Talk

THE ARMS OF THE FOREST

I love these spreading, reaching arms of the hemlocks, maples, birches and other beautiful trees. A few years ago these same trees were in their youth. Today they reach high toward the sun where God's fuel is in abundance. There wouldn't be much growth or beauty without this reaching out of the various trees. They are indeed the arms of the forest as their fragrance spreads and their density becomes pronounced.

All Nature is selective and protective. Go to the forest and relax there. You will understand yourself as never before. The forests tell so much if we would but get in tune with them. They tell much about ourselves. They lie within the reaching arms of the forest is to become intimate with the soul itself as created within the heart of all Nature. You are not alone in the midst of Nature. It knows its own.

There is a silence in Nature like none other. I can understand why W. H. Hudson so loved that quiet spot where the Chiff-Chaff came to rehearse its morning songs. Far from the marts of trade these favorites of Hudson would sing their choicest songs. No sound is so pronounced as when quiet reigns—as in the forests where Hudson loved to interpret the beating of these songsters' hearts. Were there no reaching arms, all Nature would lose its everlasting charm.

Tomorrow Mr. Adams will talk on the subject: "On Investing". Protected, 1960, by The George Matthews Adams Service

Just Folks

A PRAYER
Lord, give me strength for my burdens today;
Let me bear what is mine unafraid;
Let me stand, head erect and face front to the fray.
Nor call to my brothers for aid.

I ask not easier pathways to tread
Nor easier burdens to bear,
But I pray for the courage to journey ahead;
And alone I would conquer my care.

Lord, make me strong for the tasks of today;
Let me master them all if I can,
And if I must falter and fall by the way,
I pray I may fall as a man.

PROBLEMS OF
BIG TV STAR
WHO'S DROPPED

HOLLYWOOD, Calif. (AP) — You think you've got problems, Mac? Just try on the problems of a big TV star for size. Or worse, just try on the problems of a big TV star whose show has been dropped by the network.

There you are—a star in your own series. Making the best money in your life, even after the taxes. You've acquired a fan club, a small expensive foreign sports car and you're just beginning to collect oil paintings. You're beginning to have that heady, happy feeling that the one or two Hollywood folk call "an ego problem."

Then one day, after you show's ratings show a little slippage, you make the first horrible discovery. In the movies stars have names, like Cary Grant, Marilyn Monroe, Clark Gable. But in television stars have names like Bat Masterson, Elliot Ness, Perry Mason.

That silly old home audience, seeing you every week playing that same role, doesn't pay much attention to your own name at all. To them you're the character who comes into their living room. That in itself is enough to slow down a galloping ego. But if your series actually folds the problem gets worse. Added to failure is the employment situation.

So last year the TV audience saw you—and got to know you

real well—as Buster Jones, private eye and Casanova. You'd be just great this season as Slim Gringo, lonesome cowboy, but the question is, would the public be able to accept you and believe in you? Sorry—we'll think it over and we'll call you. . . .

Of course, you've had star billing now, and star pay, so it's too late to go back to playing TV heavies—a good steady source of income before. Maybe movies for awhile, B features until the home viewers have wiped your face out of their minds? Or perhaps a Broadway show—well, even off-Broadway, then? Okay, summer stock.

Got Your Troubles
You've got your troubles any way you angle it. And look what's happening next month: 35 new shows coming onto TV, bringing with them a score, maybe more, of those new, fresh faces. They'll all be getting star billing.

So what do you say when some nosy reporter asks you your plans for the coming season.

"Well," you say with elaborate casualness, "I'm mulling over a number of really good offers for series. I'll pick one that will be ready to go into a midseason hole opening up when some of these new shows bomb."

Swift And Co.
Found Guilty

WASHINGTON (AP) — The National Labor Relations Board Thursday found Swift and Co. guilty of unfair labor practices by supporting one union over another at its Harrisburg plant.

The board ordered the meat-packing company to "withdraw and withhold all recognition from the National Brotherhood of Packinghouse Workers of America as the collective bargaining representative of any of its employees" at the Harrisburg plant.

This union and the Amalgamated Meat Cutters and Butcher Workmen of North America have been contending for the right to represent plant employees.

YOUTHS ROUT
BANK ROBBERS

TRUMBULL, Conn. (AP)—Two Bridgeport youths, looking for their missing automobile Wednesday, not only found the vehicle but, police said, they also broke up a bank holdup plan.

Anthony Cavaleri, owner of the car, and Warren Jacques, both 19, found the car in the parking lot at the Trumbull shopping center, about a mile and a half from where they had parked it before going off to summer school in New Haven.

Seated in the car was John Voss, 48, who, police said, had planned for six months to rob a branch of the Connecticut National Bank which is located in the shopping center.

While Jacques went to telephone police, Cavaleri dragged Voss from the car and they started to scuffle. Police said Voss pulled a loaded revolver. Jacques returned to the scene and joined the battle.

Canners Have Good Nucleus With Six Starters Returning Including Eight Lettermen

Jack Emanuel, head football coach at Biglerville High School, found himself in a little better situation than many schools in the area. Emanuel opened pre-season drills last week with eight returning lettermen and six of them started a year ago.

Emanuel won't go out on the limb and say that he has a powerhouse by all means. The Canners are lacking experience and depth at the halfbacks, guards and ends. Biglerville will have to find players who can fill the shoes of Kermit Jacoby, one of the state's leading scorers; Vance Vines, Gary Breighner and Harline backers on the 1959 squad. The Canners are falling right in line with many of the area schools in as much as they will have about 10 sophomores on the roster to help fill the gap and will also use the services of many juniors and one senior who are out for the team, but did not play last year.

Eight Lettermen

Emanuel will form his team around the eight lettermen: Ken Fetters, end; Dennis Little, tackle; Ron Wagner, fullback; Fred Hartzel, guard; Keith Martin, fullback; Don Wright, quarterback; Carl Hess, center; and Perry Mickey, tackle.

Bill Slaybaugh leads the list of top sophomore prospects. Slaybaugh is a hard charging fullback who will work behind the two senior vets, Wagner and Martin. Gary Wright is another up and coming quarterback who will work with his brother, Don, and John Ernst, a junior. Ernst has a strong arm and has a chance of cracking the starting lineup.

The halfbacks are Emanuel's biggest problem. During the first week of practice he has juggled a number of boys around in order to find the right combination. Juniors Wilson Harman and Gary Fair lead the prospective candidates. Fair has tremendous speed, but is slow getting started. John Alexander, Biglerville's ace hurdler last spring, will be putting his bid in for a starting role at one of the halfbacks along with Senior Bruce Parker. Alexander did not tryout for football last year.

Interior Line Strong

Both Emanuel and line coach Don Corbin agree that the interior of their line is the strongest point on the squad. Perry Mickey, 240 pounds, and Dennis Little are returning to their tackle slots. Behind them will be Dennis Everett, 6', 225 pounds, and Ken Thomas, 6', 240 pounds. Bob Barbour is another likely candidate for tackle (5'9", 220 pounds). The guards are small, but have plenty of hustle and enthusiasm. Top choices for that post will be Richard Graham, Fred Hartzel and Jim Kuhn. Carl Hess and Jim Mickey, a sophomore, and a brother of Perry, will alternate

Taneytown, winner of the first half title in the Pen-Mar League will tangle with Fairfield, second half champs. Sunday's game, being played at Taneytown at 2 p.m., will mark the first of a best-of-three game series.

TENNIS KINGS FACE REPLAY OF BIG MATCH

BROOKLINE, Mass. — Dennis Ralston and Rafael Osuna — the pickup team which stunned the tennis world by winning the Wimbledon doubles crown — are just "beginning to feel the real effect of it."

Ralston, 18, of Bakersfield, Calif., and his Mexican partner, 21, meet Australian champions Rod Laver and Bob Mark Saturday in a semifinal at the U.S. National Doubles Tournament. It will be a replay of their semifinal Wimbledon clash which Ralston-Osuna won 11-9 in the fifth set.

Try To Hold Top Spot

Ralston and Osuna swept aside Aussies Marty Mulligan and Bob Hewitt in straight sets in the quarterfinal Thursday. The scores at the Longwood Cricket Club were 6-3, 6-4, 6-1. Meanwhile Laver and Mark disposed of England's Bobby Wilson and Mike Sangster, 7-5, 6-1, 11-9.

Though this is only the second tournament in which Ralston and Osuna have played together, they hold the No. 1 domestic seed and are trying hard to live up to it.

"We still can't believe it," Osuna says of the Wimbledon victory. "Only now are we beginning to feel the real effect of it. The pressure is tremendous."

ORIOLES ONE GAME SHY OF LEAGUE LEAD

By ED WILKS
Associated Press Sports Writer
The Baltimore Orioles, a joke choice for the pennant in the spring, are just a game shy of the top today, ready to take over if the New York Yankees can't make it through a make-or-break weekend in the American League race.

The Orioles beat Detroit 9-3 Thursday night and took sole possession of second place. Chuck Estrada pitched a five-hitter, and Gus Triandos hit his second grand-slam home run of the week.

New York and the defending champion Chicago White Sox, who fell out of a second-place tie, were idle.

Senators In Fourth
Washington took over fourth place, whipping Kansas City 9-0 behind the four-hit pitching of Chuck Stobbs and Ray Moore, after Boston dropped Cleveland to fifth by slugging the Indians 10-7.

Triandos, troubled by injury most of the season, cracked a 3-3 tie and triggered a six-run eighth-inning for the Orioles against right-hander Frank Lary (11-13). It was the fifth slam of Triandos' career.

A couple of guys who won't quit, Ted Williams and Vic Wertz, did it for the Red Sox. Williams, five days shy of his 42nd birthday, drove in three runs, and with his 24th home run, the 316th of his career, in the third inning. Then Wertz boomed the Sox from behind with a pinch-hit grand slam in the fourth off loser Don Newcombe (1-3).

The Senators, nursing a 1-0 lead, broke loose for eight runs in the seventh against the A's. Five walks, a hit batter and five singles did it.

Houston Defeated In Pony Loop Play

WASHINGTON, Pa. (AP)—West Covina, Calif., tangles with Houston, Texas, tonight in a semifinal game of the Pony League Baseball World Series.

The winner earns the right to clash with Oak Park, Ill., Saturday night for the 1960 series championship.

Oak Park handed Houston its first loss in the double elimination tournament Thursday night by edging the losers 6-2 behind the eight-hit pitching of Larry Hamm.

The young hurler struck out four and walked but one in going the distance. Curt Schevelon, Larry Boch and Charles Bellock had three hits each for the winners.

CLUB OWNER SEEKS TO AVOID THEFT CHARGE

POTTSVILLE, Pa. (AP)—Judge James J. Curran has ordered Robert Harris, Schuylkill County District Attorney, to show cause why all the charges against Lillian Reis in a Pottsville house burglary should not be dropped.

Judge Curran took this action Thursday after rejecting a petition by Mrs. Reis' counsel, John Lavelle, to stay grand jury proceedings against the nightclub owner.

The Grand Jury opened hearings here Thursday on the December, 1959, burglary at the home of John B. Rich, a Coal company owner.

Mrs. Reis' petition claimed her constitutional rights were violated because she was arrested without a warrant and jailed without an immediate hearing.

Capt. Clarence Ferguson, commander of a special Philadelphia police investigation division, has estimated that as much as \$375,000 was stolen from the home while Rich was in Europe. However, the bills presented to the grand jury list \$3,500 in cash and \$17,000 in jewelry as the amount stolen, and Rich insists the much lower figure is correct.

Mrs. Reis owns a night club in Philadelphia. Five men also have been accused of the crime.

Fight Results
Minneapolis—Joe Brown, 136½, Houston, stopped Harlow Irwin, 238, Minneapolis, 5 (non-title).

Oakland, Calif. — Benny (The Bandit) Medina, 138½, Fresno, Calif., stopped Howard Pasley, 137½, San Francisco, 9.

HOBBIE CLOUTS HOMER TO CUT PIRATES' LEAD

By ED WILKS
Associated Press Sports Writer
Del Crandall, a catcher who hadn't hit a home run with a man on base all season, and Glen Hobbie, a pitcher who hadn't hit a home run at all, have whittled Pittsburgh's National League lead to 6½ games once more.

After swatting 16 solo home runs, Crandall connected for a two-run shot that clinched a 4-2 victory for second-place Milwaukee at Los Angeles Thursday night.

The Chicago Cubs trimmed the Pirates 2-1 on Hobbie's two-out homer in the ninth, his first in a four-year major league career.

San Francisco defeated Cincinnati 8-5 in the only other NL game scheduled.

Three-Run Third
Crandall's home run triggered a three-run third for the Braves at Los Angeles against southpaw Sandy Koufax (6-10) while the Dodgers seemed headed for their fifth shutout defeat in 10 games.

Right-hander Joey Jay had the champs blanked on four hits until the ninth, then needed Don McMahon's strikeout relief for his fifth victory in 11 decisions.

Hobbie's home run, breaking a 1-1 tie, gave the Cubs their first victory over Wilmer (Vinegar Bend) Mizell since April 15, 1958. The big lefty, who has beaten them 10 times in that span, also was tagged for Ernie Banks' 39th home run, in the third inning, while dropping his second in a row for a 9-7 record.

An inside-the-park home run by Willie Mays with the bases loaded capped a seven-run second inning for the Giants against southpaw Claude Osteen (0-1).

Detroit Will Honor Red Sox Slugger

DETROIT (AP)—"Ted Williams Night" will be held at Briggs Stadium on Sept. 7 when the Detroit Tigers meet the Boston Red Sox.

President Bill Dewitt of the Tigers has arranged a tribute to the Boston slugger.

"He has provided more thrills to fans throughout the nation than any American League player of this generation," said Dewitt.

Detroit's Mayor Louis C. Mirani will proclaim Sept. 7 as "Ted Williams Night." Presentations will be made to the nearly 42-year-old slugger at home plate before the game.

Italian Cyclists Win 1st Gold Medal; U.S. Swimmers Win As Games Are Started

ROME (AP) — Two California teen-age girls and a pair of powerful college men upheld U.S. swimming prestige with successful qualifying performances as the first full day of Olympic competition opened in the Eternal City.

Patty Kempner, 17, and Anne Warner, 15, gained the finals of the women's 200-meter breaststroke, and Lance Larson of the University of Southern California and Bruce Hunter of Harvard reached the men's 100-meter freestyle semifinals.

Host Gets Medal
Host Italy won the first gold medal of the games. The hard-riding Italian cyclists captured the 1,000-kilometer (62-mile) road time trial with Germany second and Russia a surprising third. The United States finished far back in the 33-team field.

Russia defeated Mexico 66-49 in basketball and France and Romania won water polo matches. Other morning events included canoeing, modern pentathlon and field hockey.

The first Olympic record to fall came in the women's swimming when powerful Wiltrud Urselmann of Germany won the third of four heats in 2:52. The old standard was 2:53.1, by Ursula Happe of Germany at Melbourne in 1956.

American Third
Miss Kempner, of Beverly Hills, Calif., was third to the German girl in 2:55.5.

Miss Warner, 15, of Menlo Park, Calif., was second in the final heat to veteran Dutch competitor Ada Den Haan. Miss Warner's time was 2:56.3 against the winning clocking of 2:54.

Over-all, Miss Kempner's time was sixth best and Miss Warner's eighth and last in the field that will go in Saturday night's final.

Men Qualify
Larson, a 20-year-old from El Monte, Calif., led the men's 100-meter qualifiers in 55.7 seconds. He won the seventh and final heat. Hunter, 21, from Cambridge, Mass., won the sixth heat in 56.6 and ranked sixth among the 24 qualifiers who race tonight in the semifinals.

The Australian twosome of defending Olympic champion Jon Henricks and world record holder John Devitt also qualified with heat victories. Devitt did 56 flat and Henricks 56.9.

The U.S. basketball team may be below par physically for its opening game tonight against Italy.

Coach Pete Newell said Allen Kelley may miss a few games because of a leg injury and it was uncertain whether the recently injured Jerry Lucas will start. Hungary beat Japan 93-66 in a morning game.

Lee Allen of Portland, Oregon, pinned J. Gregorio of Portugal in the Greco-Roman featherweight class in the opening bout of the wrestling competition. The time

A little Pennsylvanian has given Russian weightlifters second thoughts about their chances of winning this event at the Olympics.

The Russians' eyes came wide open Thursday when Isaac Berger, of York, an entry in the 132-pound class, bettered his own world mark for the two-hand, clean and jerk. He lifted 336½ pounds, bettering his previous mark by 11 pounds.

But it was only a practice performance.

Thus far, Pennsylvania's contingent of athletes on the U.S. Olympic team has not competed in any events.

BONNIE STORM CHOSEN QUEEN AT KINGSDALE FIRE CARNIVAL

Miss Bonnie Storm, 17, daughter of Mr. and Mrs. Carroll J. Storm, Phoenix, Ariz., who resides at the home of Mr. and Mrs. John J. Todd, Littlestown R. 2, was crowned "Miss Adams County Fireman 1960" when the 12th annual beauty contest was featured at the Kingsdale Fire Company carnival on Thursday evening. Miss Storm will be a senior at the Littlestown High School in September.

The crown was placed by Mrs. Earl Lamotte, Manchester, the former Delva Ramsburg, last year's queen. Runner-up in the contest was Nancy Shauli, Gettysburg. Third place winner was

Alwyn Schwartz, Gettysburg.

The queen received \$75 in cash; second prize was \$25, and third was \$15. Corsages and gifts were received by all contestants.

Several Thousand There

Jack Wells, master of ceremonies for the show "Jack Wells Closeup," Baltimore television, was "emcee" for the contest and was well received by the several thousand persons in the crowd, especially the young people.

Judges were Mrs. Eugene Stup, the former Carollee Everhart, Shookstown, Md., who was the first beauty contest winner, when competition was in bathing suits, in 1948; Robert V. Weaver, president of the Littlestown Junior Chamber of Commerce, and William Snyder, president of Snyder's Potato Chip Company, Hanover.

Contestants appeared in evening gowns and judging was based on 40 points for personality; 30 for facial beauty; 20 for general appearance and 10 for poise. Other contestants were Darlene Bolen and Connie Leese, Hanover; Rosetta Marie Ford, New Oxford; Darlene Sponseller, Get-

tsburg; Sue McLaughlin, Emmitsburg, and Arvella Martin, Littlestown.

Carnival Closes Saturday
Organ music during the contest was provided by Stu's Music Shop, Westminster.

New den mothers include Mrs. Earl Zumorum, Mrs. Robert Morgret, Mrs. Reid Pitenturf, Mrs. Denton Barnhart and Mrs. William Waltz.

SCHOOLS WILL
OPEN SEPT. 1**

Paul E. King, supervising principal of the Littlestown Joint School System, has announced that the public schools will open on Thursday, September 1, at 8:25 a.m., and dismissal will be at 3:30 p.m.

The schedule for the first day calls for all pupils and teachers to assemble in the auditorium upon arrival at school. Home room assignments will be made after instructions are given by administrative personnel.

There will be an increase in enrollment this year of approximately 65 students. Consequently, temporary facilities have been provided for by using the high school cafeteria as home rooms and in the elementary school it will be necessary to use the stage of the Rolling Acres building as a classroom.

The building program for the jointure calls for completion of the new junior-senior high school by June 30, 1961, making it available for next year's term.

Transportation routes will be practically the same as last year. In some cases it has been necessary to make additional runs on the same roads since pupil loads have been increased by at least 40. Where changes in road routes have been made, individuals have been personally notified. Buses will leave from school the first day at 7:30 a.m., thus arriving at pickup points 10 minutes earlier than regular time.

Cafeterias will be open the first day and closed luncheon periods will again be observed. It is to be noted that the price of meals has been increased to 30 cents for students and 40 cents for personnel.

Members of the local Little League will attend the same game and it is possible that all Cubs and Little Leagueers can be transported by bus. LIFE TERMERS GIVEN RELIEF BY GOVERNOR

HARRISBURG (AP) — Four prisoners serving life terms have had their sentences commuted by Gov. David L. Lawrence.

The governor's action Thursday, recommended by the state Parole Board, makes the prisoners eligible for parole.

They are Howard Beverly, Philadelphia, sentenced as a habitual criminal, and these convicted murderers: Joseph Finney, Moses Thompson and William Walker, all of Allegheny County.

More Commutations
At the same time, the governor granted these commutations of minimum sentences: Lawrence Jack Looser, Crawford County, involuntary manslaughter; Albert Lapinsky, Luzerne County, armed robbery; and Abram Francis Slater, Centre County, prison break.

Lawrence also granted these pardons:
Joseph Fabrey, Mercer County; establishing a gambling place and Herbert Eliwyn Polley, Lycoming County, larceny and carrying concealed deadly weapons.

The cases were heard by the Pardons Board at its June session. The board heard 145 applications and granted 22 commutations and pardons.

WESTON, Conn. (AP) — Raymond Abrashkin, 47, writer of the prize-winning film "The Little Fugitive," died Thursday after a long illness. He used the name Ray Ashley when he wrote the story and screen play and coproduced the successful film which won first prize at the Venice Film Festival in 1953.

NEW YORK (AP) — Dr. Laura Hibbard Loomis, 77, retired professor of English literature at Wellesley College, died Thursday. She was the author of books in collaboration with her husband, Roger Sherman Loomis, now professor emeritus of English at Columbia University. She had been on the Wellesley faculty from 1916 until her retirement in 1943.

NIXON MAKES 2ND INVASION OF SOUTHLAND

By EDMOND LE BRETON

WASHINGTON (AP) — Vice President Richard M. Nixon launches a second campaign invasion of the South today, with an expressed view that "we have a chance in some Southern states."

On the eve of a one-day sweep to talk in Birmingham, Ala., and Atlanta, Ga., Nixon said, "At least we are going to give the people down there a choice, something they sometimes have not had in previous times."

This was one of the campaign observations the Republican presidential candidate made during a sometimes serious, usually breezy appearance Thursday night on Jack Paar's show on NBC-TV.

On Paar Show

Nixon took in stride a question based on President Eisenhower's remark that while Nixon is a principal adviser "no one can make a decision except me." Some took this as a blow at Nixon's major contention that his executive participation in the top levels of the Eisenhower administration entitles him to promotion to the presidency.

Nixon said that "the President stated the case exactly and correctly" for his administration — and, properly, any administration.

But Nixon added he has had the "very great privilege" of being asked for his opinion and "participating in the discussions which lead to a decision by the President." His experience, he said, included sitting "in the councils of the administration, in the Cabinet and the Security Council."

IDENTIFY BODY TENTATIVELY AS V. BLANEY

OCEAN CITY, N. J. (AP)—A chained and weighted body fished out of the Atlantic Ocean has been tentatively identified as Vincent Blaney, the missing witness for the prosecution in a Pennsylvania robbery case.

Identification was made by comparing photographs of teeth found in the corpse with Blaney's Air Force and civilian dental records.

Dr. Richard Raab, a local dentist, said Thursday they matched well enough to provide tentative identification.

The corpse was badly beaten before being shot at the base of the skull, and had seven teeth missing.

FBI at Work

The body was taken to Washington Wednesday, where the FBI hopes to make positive identification by comparing the hairs on Blaney's old clothes with the hairs on the corpse.

Blaney, 27, of Philadelphia, disappeared three weeks ago—about the same time the body was dumped in the ocean, according to a coroner's estimate.

He had been charged with five other persons with the burglary of the home of John Rich, president of the Gilbert Coal Co., in Pottsville, Pa.

Poulson Recovered

The six were charged with taking \$3,500 in cash and \$17,000 in jewelry, but police said as much as \$478,000 may have been stolen.

Blaney and one of the other defendants, Robert Poulson of Philadelphia, had agreed to testify for the Commonwealth at the trial.

A week after Blaney disappeared, Poulson was beaten up and shot in the back by unknown persons in Camden. He recovered.

The others charged with taking part in the burglary were Miss Lillian Reis, owner of the Celebrity Room, a Philadelphia night club; Ralph Staino, the club's manager; John Berkery of Haddonfield, and Clyde L. Miller of Forked River.

Circus Roustabout Nabbed In Robbery

PHILADELPHIA (AP)—Walter J. McClain was leaving a bar in suburban Belmont Thursday when he was arrested on a charge of armed bank robbery.

The arrest came the day after the FBI had identified the 21-year-old circus roustabout as the man who got nearly \$18,000 on Aug. 18 at the Manoa shopping center branch of the Philadelphia Savings Fund Society.

Police said that McClain tossed \$2,500 on the sidewalk as they closed in to arrest him. An off-duty policeman had recognized McClain in the bar and had called for help.

McClain was on parole after serving a term for a \$7,156 robbery at a Wynwood department store last year.

Social Security

Q. When was the original Social Security Act put into law?

A. On August 14, 1935, the Social Security law was enacted.

Q. When were benefits first payable under Social Security?

A. Amendments to the law were made in 1939 which permitted payment of benefits beginning January, 1940.

Q. Are the requirements for the "freeze" different from the requirements for monthly disability benefits?

A. No. You must meet the same requirements for both the freeze and for monthly disability payments. That is, you must be fully insured and also you must have worked under Social Security for at least five years out of the 10 years before becoming disabled. In addition you must be so disabled that you are unable to do any substantial gainful work.

Q. Why should I bother to file now? Why not wait until I am old enough to draw monthly payments at age 50?

A. If you are disabled and unable to work, you should file to "freeze" your Social Security record in order to protect your right to monthly benefits at age 50, or benefits to your survivors in case of your death. If you wait too long you may find that you are no longer insured and entitled to file.

Q. I am not yet 50 years old. However, I am disabled and unable to do any work. I understand

LABOR CHIEFS EXPECTED TO ENDORSE JACK

WASHINGTON (AP)—The AFL-CIO called its labor union chiefs together today to decide the 1960 political course of the 14-million-member organization. A ringing endorsement of the Democratic

ticket is expected. Recommendations of the 29-member federation Executive Council will be submitted for consideration by the AFL-CIO General Board, comprised of Representatives of all 135 unions, later today.

The union leaders have been generally enthusiastic, although with some exceptions, about Sen. John F. Kennedy of Massachusetts as Democratic presidential nominee. They have not been so enthusiastic about Kennedy's running mate, Senate Majority Leader Lyndon B. Johnson of Texas, whom they opposed at the convention in Los Angeles.

Recently, however, Walter Reuther, head of the United Auto Workers, and David J. McDonald, United Steel Workers president, made pilgrimages to Kennedy's summer place at Hyannis Port, Mass., and came away completely favoring, they said, the Kennedy-Johnson ticket.

that I cannot get disability payments until I am 50. Is there anything I must do before my 50th birthday?
A. Yes. If you have been disabled for six months or more, no matter what your age, you should contact your nearest Social Security office and discuss the possibility of your filing an application to "freeze" your Social Security record.

Congress Box Score May Show Ike Batting Better Than Kennedy In Session

By JACK BELL

WASHINGTON (AP)—President Eisenhower seemed on the way today toward getting more satisfaction out of the Democratic Congress than Sen. John F. Kennedy.

Kennedy, the Democratic presidential nominee, has run into trouble from a coalition of Republicans and Southern Democrats in his efforts to produce legislation aimed at crossing the "new frontier" he has been talking about.

Partly because of ominous world events, Eisenhower is racking up some gains in the international field.

Campaign Material

And the coalition is giving him some things in the domestic area that Vice President Richard M. Nixon, the GOP presidential nominee, can talk about in the campaign.

Eisenhower's batting average on the 21-point program he resubmitted to the post-convention session apparently will be a respectable .334. Kennedy may hit only .250 on four major measures he hoped to get passed.

Eisenhower got practically everything he asked for when the Senate passed a \$3,989,054,000 foreign aid bill Wednesday. Even if disturbances in the Congo and Cuba contributed to this result, it came in a field dear to Eisenhower's heart.

The Eisenhower Formula

On the way toward final action is a bill to provide medical care on a federal-state matching basis. This is essentially the Eisenhower formula as opposed to the Senate-rejected Kennedy plan to finance such a program through Social Security taxes.

If Congress finally passes a minimum wage bill, it probably will fit the Eisenhower administration pattern more closely than Kennedy's broader bill providing higher minimum and extending coverage to more persons.

The President got Senate approval of the Antarctic treaty and appears likely to get congressional authorization for a 600-million-dollar Latin American aid program.

See Quick Action

His proposal to put a food-for-peace plan before the United Nations — which the Democrats say they proposed first — is before the Senate Foreign Relations Committee with indications that it will get quick action.

A 100-million-dollar increase in the mutual security contingent fund was approved by the Senate. On the other hand, the congressional session has been a political disappointment thus far for Kennedy.

In order to avoid a filibuster which might have tied the Senate in knots, the Democratic nominee joined in a vote to kill a hastily produced administration civil rights bill.

He lost his fight for the kind of a medical care bill he wanted and condemned the measure passed by the Senate as inadequate.

DELTA, Colo. (AP)—Travel on U.S. Highway 50 north of Delta was restricted to one-way while state Patrolman Red Ferrell spent an hour and 20 minutes picking up a spilled box of nails.

The 25 pounds of asbestos siding nails scattered over the road after falling from a lumber supply truck.

VFW DEMANDS STRONG FORCE

DETROIT, Mich. (AP) — The Veterans of Foreign Wars wants a larger Army and Marine Corps and a Navy that is "the strongest and most versatile in history," although Vice President Richard M. Nixon has assured it the United States "is first in the world militarily."

Shortly after Nixon addressed it Wednesday, the 1,300,000-member VFW's 61st convention adopted a resolution calling for a 925,000-man Army, a Marine Corps of 200,000, a strong air striking force, an air defense capable of meeting any threat, the strongest Navy in history, and no cut in either the National Guard or Army Reserve.

The VFW also went on record for "continued development of atomic and hydrogen weapons and the necessary testing of such weapons."

This suggestion was at least partially met by the vice president's assertion that: "We must not be frozen into acquiring and depending on the weapons of the past to fight the wars of the future, because if we do we will be in a position of inferiority regardless of how many of these weapons we may have."

STEEL UPTURN DELAY STALLS BUSINESS PUSH

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The delay in the expected upturn in steel output is casting a shadow over the fall outlook for the general economy.

Business is used by now to the ups and downs in the steel industry. But when one of the ups doesn't come along on schedule, business gets nervous.

That's because steel has the name of being the basic industry. It lags when other industries lose their zip. And if it lags too long, pessimism tends to spread to other lines.

Pushed Back

The steel mills were first expected to be firing up idle furnaces by now for the fall business revival. Then September was set as the time for the upswing. Now steel spokesmen talk of October. And one close observer of the industry says only a mild seasonal upturn can be expected this fall, with the big turnaround delayed until next spring.

Why isn't steel pulling out of its summer slump? There are both current and long term answers.

Several Answers

The one most applied to the current scene is that steel customers either have more steel still in stock than the industry had counted on, or their own products are moving too slowly for them to expand output now.

Added to this is their knowledge that steel is in good supply, idle capacity means that any rush of orders could be filled without undue delays and therefore a hand-to-mouth steel inventory policy can continue.

Steel's best customer, the auto industry, hasn't put in the steel orders expected. Stocks of materials seem to be large. Also the stocks of 1960 cars in dealers' hands is well above this time last year.

Compact Cars

Worse, from the steel point of view, is that the big swing to compact cars has meant less buying of steel. The smaller cars take less, and as the percentage of these cars to total auto output grows, steel orders shrink.

Some of steel's problems are long term, as apart from the present cycle which has been downgraded since late winter. Total production capacity continues to rise. It is well above present needs, and many think it may be above the needs that the next big business upswing will generate—but not above the level that would be needed in a national emergency.

And a growing problem is competition from other materials. Cars are using more plastics, aluminum and glass. Buildings are using more concrete, glass, aluminum and plastics. Tin coated steel cans vie with glass, paper, foil, plastic bottles, squeeze tubes in sharing the food industry business.

RIDGEFIELD, N.J. (AP)—Police are trying to find out today who is poisoning birds in the area. Bergen County animal welfare officials said more than 100 robins and starlings have been killed by eating bread crumbs mixed with rat poison.

Tank Explosion Kills Workman

TITUSVILLE, Pa. (AP) — One worker was killed and two others injured Thursday in the explosion of a 25-thousand-pound storage tank at the Struthers Wells Corp. plant here.

Lawrence M. Baron, 29, of Titusville, was killed by flying debris that was hurled some 60 feet in all directions by the blast.

Wallace Gratkowski, 46, of Titusville, and Harry Wiles, 42, of nearby Tidioute, were admitted to Titusville Hospital in not too serious condition. They also were hit by the debris.

Struthers Wells fabricates tanks, boilers and cylinders for liquid oxygen used in missiles. The tank that blew up was being tested with water. Water pressure was cited as the cause of the blast.

SAYS STATE EMPLOYEES 'PRESSURED'

HARRISBURG (AP) — Pennsylvania Democrats have been accused by the Republican state chairman of using ruthless strong-arm tactics to get election campaign money from state employees.

"Never before has our Commonwealth seen such pressure put on state employees as is now being exerted," George I. Bloom said Thursday.

He said the Republican State Committee has received numerous reports of resentment among state government employees "about pressure exerted by the Democrats to get 'contributions' for a multimillion-dollar slush fund" for the presidential campaign of Sen. John F. Kennedy.

Rice Not Available

John S. Rice, the Democratic state chairman, was not available for comment on Bloom's statement.

The Republican chieftain said resentment and bitterness of some state workers prompted angry protests to Republican headquarters. He said the amounts involved ranged from \$25 to \$150 for each worker, adding:

"We know of instances where workers in the Highways Department had to get bank loans to pay off their political assessments which they were told had to be made by Aug. 8."

REDS SAY SPY CONFESSED

BERLIN (AP)—One of the top brains of the East German aircraft industry, Manfred Gerlach, 55, has confessed to betraying secrets of Communist jet aircraft production to West Germany, East German authorities announced Thursday.

The Communist party newspaper Neues Deutschland reported that the engineer's trial for espionage opened in Dresden Wednesday. The East German regime also announced Wednesday the arrest of 147 alleged agents for the American espionage service.

Western officials speculated that the Communist regime might be making Gerlach the scapegoat for the delay in producing the long-promised East German jet air-

Driver In Fatal Accident Beaten

IRWIN, Pa. (AP) — Frank Cambruzzi, 44, of Westmoreland City, who police say was beaten by a father whose son was killed by Cambruzzi's car, today was reported in fair condition with a skull fracture.

Police said Cambruzzi's car killed William James Viece, 2, while the boy was playing in front of his home Wednesday. The father, William Edward Viece, crawled into Cambruzzi's car and started fighting with him, police said.

The men fell out of the car, officers reported, and Viece picked up a rock and struck Cambruzzi on the head.

FARM STUDIES BEING URGED

UNIVERSITY PARK, Pa. (AP) — Studies of farm life are increasingly necessary because of the importance of the farm to the nation's economy, says a professor of rural sociology.

Charles R. Hoffer of Michigan State University Thursday told the National Rural Sociological Society that concern for the future of rural sociology is unwarranted. "The farm must still perform the basic function of food production, and the public will demand more studies of rural sociology to understand the changes that are taking place in rural life throughout the world," he added.

Hoffer is president of the society, which is holding its three-day annual meeting here. Attending are 225 representatives of land grant colleges and state universities from throughout the nation, plus the Netherlands, Trinidad and Canada.

DAKAR, Senegal (AP) — W. Averell Harriman arrived in Senegal Thursday to start an African fact-finding tour for Sen. John F. Kennedy, the Democratic presidential nominee.

TWU AGREES TO RESUME TALKS NEXT MONDAY

PHILADELPHIA (AP) — The Transport Workers Union has agreed to resume negotiations with the Pennsylvania Railroad in Philadelphia on Monday, four days before a scheduled strike.

"I feel certain we'll come back to the negotiating table Monday morning," said Michael J. Quill, TWU president, after meeting with Mayor Richardson Dilworth Thursday night.

Dilworth had asked Quill to reconsider a proposal to reopen talks in Philadelphia with the railroad and the National Mediation Board.

PRR Willing

Quill had rejected the proposal, stating he would rather meet in New York because it was "neutral ground."

He said Thursday night that he had asked Dilworth to arrange the meeting with the railroad and mediation board.

A PRR spokesman said, "Of course, we'll be glad to cooperate with the National Mediation Board and meet with the union here Monday."

The railroad holds a news conference today to outline its plans in the event of a systemwide strike from New York to St. Louis.

Not "Strike Happy"

The 46 TWU locals which represent non-operating employees, voted Wednesday to break off negotiations with the railroad.

Dilworth said Quill told him each of the locals would have to be polled for permission to reopen negotiations. Quill said he could not accomplish this before Monday.

He said the union would continue the talks beyond the strike deadline, if there was any progress.

"We're not strike-happy," Quill asserted. "We'll give it a try."

SAO JOSE DO RIO PRETO, Brazil (AP)—A bus carrying 63 persons plunged from a bridge late Wednesday into the Turvo River and only four survived. Most of the victims were students, 15 to 20 years old.

Choose Your Own Rut With Cautious Care

"CHOOSE YOUR RUT WITH CARE"
REV. W. E. FENSTERMAKER
Pastor, Methodist Church

Quite frequently we hear the expression "I am in a rut." To the mind of the average person it is a sign of something evil. People will go on to tell you at great lengths about their discouragement, dissolutionment, and general dissatisfaction with life. We understand the terminology and we know what they mean immediately, for what one of us has not felt this same way? I want to suggest however, that there are good ruts.

Many of us can recall circumstances which compelled us to be economical. We were taught to respect the value of little things; trained to turn off the lights when we left a room, to use scraps of food, to save and make things do.

It wasn't just being scotch, it was a necessity. Economy was a matter of self-preservation. But that habit of saving little things has become a real blessing to many even after the years have brought better modes of living. Today I feel sorry for the young people who wilfully waste and are extravagant — they have missed much in not knowing the joy of "making something do." Any one can spend money — it takes brains and real training to stretch resources. The habit of economy may be considered a rut by some,

but it has been a very advantageous rut for many.

Major Responsibility
A major responsibility of any parent is the matter of guiding children into proper ruts. One father, a business executive said, "The best habit my father ever taught me was that of attending church." We all have heard men and women say that their parents took them to church so much in their youth that they were sick of it, but many of us are grateful to our parents for this experience and training, it is a rut

many people ought to get into. Quite early in life we actually begin to choose our ruts. No one forces them upon us, no one compels us to dig them, no one can force us to stay in them or keep out of them. Our ruts can actually be personal achievements or our personal curses.

Some individuals can reduce their lives to order, make themselves be where they are needed at the time they are needed, even though it is an unpleasant situation. They can stand guard over their impulses and require them

all to serve the major purpose of their life.

There are others who are never able to develop consecutive action, who are never able to hold to a major purpose, who are quite incapable of mastering their emotions—these persons are to be pitied.

Comment On Jesus
In the New Testament there is an interesting comment concerning Jesus. In speaking of his visit in Nazareth it says that He went into the synagogue on the Sabbath day "as His custom was."

Evidently our Lord was one who had developed a system of ruts in which He lived magnificently.

There are ruts which confine us and there are those other ruts which challenge us. There are those habits which imprison us and there are those that free us.

In the Canadian north woods there once appeared a sign which read, "Choose your rut with care. You will be in it for the next twenty miles."

Choose some worthwhile ruts and your life might take on new interest and meaning!

But wherever it shines there are shadows.

Wherever there are golden opportunities there are also hidden tragedies. Some fail to grasp their blessings.

Ours is a nation which guarantees to every child the opportunity for religious training. Yet ours is a nation which smarts under the scourge of a moral disease — juvenile delinquency.

In blessing you with a son or daughter, God has entrusted to you a precious soul. You are required by law to give your child a secular education. But, despite the scourge of delinquency, a free nation must leave to your conscience the question of your child's moral and religious education.

God has blessed America. With a nearby Church ready and eager to provide Christian training for your child, and religious foundation for your family's life — the Sun shines bright. But there are shadows. You must decide!

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JURY INDICTS 2 REVENUE MEN

PHILADELPHIA (AP) — Randolph Holmes, 32, and Benjamin Ellerson, 38, Internal Revenue Service collectors, have been indicted by a federal grand jury on charges of swindling the U.S. government.

The indictment charges they conspired with Louis H. Kupper, 60, a former deputy collector, to collect \$4,000 from taxpayers for helping them make out false returns.

Kupper was fined \$2,000 and sentenced to eight months in prison on April 20, then had his sentence cut to two months because of ill health.

The indictments charged that Ellerson filed the returns in such a way as to bypass the audit system, and Holmes procured the individuals whose returns were made out by Kupper.

According to the indictment they received between \$150 and \$300 from each customer.

Littlestown Little League

Successive seventh inning home runs by Bruce Crouse and Louis Orndorff broke a seven to seven tie and carried the undefeated Littlestown Little League All-Stars to a 12-7 victory over the Emmitsburg All-Stars Thursday in Emmitsburg.

Both homers were off relief pitcher "Peanuts" Stahley who had come on in the third to take over for starter Dan Hewitt. Littlestown scored five times, four on Orndorff's first homer, a bases loaded wallop, to go ahead six to three. The visitors tallied another run in the fifth, but the home team battled back to tie the count at 7-7 in their half of the inning on Hewitt's grand slammer.

Bobby Weaver worked the first two innings and Louis Orndorff went the last five for the visitors with Neil Lester catching. Dan Hewitt and Peanuts Stahley shared the mound duty for the Maryland nine with Rice working behind the plate. "Peanuts" Stahley led the hitting for the losers with a perfect four for four at the bat. Neil Lester and Terry Wiseman, with three hits each, and Louis Orndorff with two home runs, were the hitting stars for Littlestown.

The same two teams will meet on Monday at 6 p.m., at McSherry Field, Littlestown, and Saturday the Littlestons will play at 2 p.m. on the Charles Carroll Field with the Silver Run All-Stars.

Tonight is an important game in the Littlestown Little League, the last one of the season, when the Yankees meet the Orioles. If the latter wins they will tie for first place with the Phillies.

Scribe Says Religious Question Will Be Issue In Presidential Drive

By JAMES MARLOW

WASHINGTON (AP)—Bit by bit the country is seeing the Roman Catholicism of Sen. John F. Kennedy, the Democratic presidential candidate, being made a campaign issue by mail and from pulpits.

This anti-Catholic drive has been spreading rapidly in the South—particularly in Texas and the Carolinas. And one top Democrat told reporters Kennedy's religion may be a greater issue in the Middle West than the farm problem.

Nonpartisan observers also report that the campaign is growing.

"Dirtier Than 1928"

Bruce L. Felkner, executive director of the Fair Campaign Practices Committee, said Wednesday: "The circulation of rabidly anti-Catholic material already is many times greater than we have ever seen it. We think at this point there is a substantial danger the campaign in 1960 will be dirtier on the religious issue than it was in 1928."

In that year Roman Catholic Alfred E. Smith was defeated for the presidency by Herbert Hoover after a campaign in which the religious issue was a big one.

Kennedy's advisers are acutely aware of what is happening and are concerned.

His press secretary Pierre Salinger told reporters Wednesday the Democratic organization will create a special section—with branches in every state—to deal with the religious problem.

Will Supply Facts

It will reply to questions as they arise on certain types of anti-Catholic literature being distributed.

ed. Salinger said it will supply facts on Kennedy's position on church and state.

Recently two Southern churchmen said in interviews with the Nashville Tennessean that preachers and ministers in their denomination will use their pulpits to oppose Kennedy for president.

One, Dr. Ramsey Pollard, president of the nine-million-member Southern Baptist Convention, said: "Since the Roman Catholic Church is not only a church but a political entity, we feel we are justified in making an attack upon Mr. Kennedy on that basis."

"Alliance To Pope" The other, B. C. Goodpasture, editor of the Church of Christ publication, said the Church of Christ is against Kennedy because "he owes his allegiance to the Pope."

On Aug. 20 at Greenville, S.C., the South Carolina conference of the Southern Methodist Church went on record as opposing election of a Roman Catholic to the presidency. It unanimously adopted a resolution saying the Catholic Church has "no line of separation of church and state."

When Kennedy last spring battled Sen. Hubert Humphrey in the West Virginia presidential primary, it was thought anti-Catholicism might ruin him. The Catholic population of that state is less than five per cent.

But when Kennedy won overwhelmingly, many observers felt that if he went on to get the Democratic presidential nomination, as he did, his religion might not be much of an issue in the campaign.

This is beginning to look like one of the grand illusions of 1960.

Felkner's Fair Campaign Prac-

Cancer Is Fatal To Dr. Bundesen

CHICAGO (AP)—Dr. Herman N. Bundesen, 78, president of the Chicago Board of Health since 1931 and nationally known health authority, died of cancer Thursday in Wesley Memorial Hospital.

Dr. Bundesen, who had been in public office since he joined the Health Department in 1914, had been hospitalized since April 11.

Dr. Bundesen, who first served as city commissioner of health from 1922 to 1927 and was Cook County coroner from 1927 to 1931, was a widely known authority on baby care and a nationally syndicated writer on health subjects.

Houston Post Is Backing Nixon

HOUSTON, Tex. (AP)—The Houston Post in a front-page editorial has declared "because of the proven fact of Richard M. Nixon's statesmanship, the Post recommends him to you as the wisest choice for the president of the United States."

The Post supported President Eisenhower in 1952 and 1956. Ovetta Culp Hobby, president and editor of the Post, is a former secretary of Health, Education and Welfare, serving under President Eisenhower from 1953 to 1955.

NEW MISSILE FIRING

LOS ANGELES (AP)—A Polaris missile has made a first and "highly successful" blastoff—from under water—under its own power.

The fleet submarine missile has previously been shot under water by compressed air, then ignited in the air.

The Navy announced that a modified Polaris was ignited for the first time Wednesday under the sea. It was fired from a tube at the Navy's test facility at San Clemente Island.

ties Committee, which is nonpartisan and privately supported, seeks to prevent unfair campaign tactics. Backed by both major parties, it screens questionable material received throughout the country.

Felkner said: "It is becoming much more virulent and overt. What's so disturbing is that so much of this garbage is showing up so much earlier than it habitually does in an election."

He emphasizes there has been no indication that any of the material in question came from responsible Republican quarters.

AIR HOSTESS HEARS USUALLY REMARKS

By HAL BOYLE

NEW YORK (AP)—Remarks that an airline hostess gets tired of hearing:

"Well, looky who's here—the little sister of the Wright brothers!"

"Wake me up when we get to Los Angeles. If we don't get there, don't bother."

Good Cook

"In the old days the hostesses had to be nurses. Now, if you hand 'em a crying baby, they don't know which end to hold up."

"My, miss, I don't see how you whipped up a dinner for 87 people so quick in such a tiny kitchen. Why, it would take me a week."

"If that's the pilot, I've changed my mind. I believe I'll take some insurance after all."

"This is my very first flight. Where is my parachute?"

Proposals Too

"Would you please tell the driver to take another road? This one's getting awful bumpy."

"I know you gals get a lot of proposals, but I got a three-day layover in Chicago, and I'd love to show you the town."

"Junior gave me his word he wouldn't touch a thing—if you'd just let him sit in the pilot's lap a while."

Rest Rooms

"Look, honey, way up here at 30,000 feet how's the government going to know if you poured me a third double bourbon?"

"Flying is so exciting. You never know what city they're going to send your baggage to."

"Those rest room signs are just greek to me, ma'am. I got thrown out of the one marked 'Femmes.' Is it safe for me to go into the one marked 'Hommes'?"

More Of Same

"All I can say is, if God wanted man to fly, he'd have given him feathers in the first place."

"I wouldn't pinch her if I were you, Joe. I hear she's secretly married to the copilot."

"What do you mean Boston is fogged in and we'll have to go on to Newark? I made my reservation for Boston weeks ago."

"Honey, if you ever get stranded in Dallas, call me up. With your looks and my credit card we could have a real gasser."

Report Soviets Distribute "Anti-Peiping Manifesto"

NEW YORK (AP)—The Soviet Union was reported today to be distributing to Communist parties throughout the world an anti-Peiping "manifesto" designed to enlist mass support against Red China's challenge to Soviet leadership of the Communist world.

A dispatch from Washington to the New York Herald Tribune said existence of the document had been established "through information from behind the Iron Curtain and elsewhere and a summary of the manifesto's general line is available in high government circles."

The story speaks of a struggle for dominance within the Soviet bloc of nations and adds: "If Peiping is not soon brought to acquiescence with Moscow—or at least to silence about its disagreements—Washington would not be surprised if Soviet Premier Nikita S. Khrushchev attempted some form of Communist-bloc 'ideological quarantine' of Red China."

Goes Into Detail

"The anti-Peiping 'manifesto' (as it has been dubbed by Western diplomats) condemns those 'dogmatists' who mechanically interpret what Lenin said 40 years ago to mean that nuclear war is inevitable and that war is the only means by which the revolution can be made to triumph."

"This of course, refers to the Chinese argument that nuclear war is not to be feared because it would mean the triumph of communism over capitalism."

"The paper goes into detail as to why, in the nuclear age, the resort to war would be madness, especially since the triumph of communism is inevitable anyway."

"According to information here, most of the Iron Curtain countries (both at the Bucharest meeting and after) have gone along with the Khrushchev thesis about the need for peaceful coexistence. The exceptions, in addition to Red China, have been Outer Mongolia and Albania, which have tended to sit on the fence."

Clair Slaybaugh, Auctioneer

director of the chorale which bears his name and a member of the workshop faculty.

"The chant is the supreme model for good liturgical music," agrees the Rev. Francis Brunner of Grand Rapids, Mich., another faculty member.

In a large measure, the liturgical music of the Catholic Church is the music of the High Mass. Through the ages the chant—which takes its name from Pope Gregory the Great, who reigned at the turn of the seventh century—has been the inspiration for the music of the Mass.

Workshop Setting
The timelessness of the music is emphasized by the setting here.

The world of Boys Town, the haven for homeless boys founded by the late Father Edward Flanagan, is strictly 20th century—like the music in the cottages where the older boys live.

Except for the Boys Town Choir, the boys themselves were not involved in the workshop.

They called this the "choirmasters' workshop," though many church organists attended, too. Most, but not all, were Roman Catholics. The aim was to give them experience performing under top musicians, to provide background in the history of church music and to acquaint them with contemporary liturgical music as well as the basic chant.

BOYLE FINDS MILTON BERLE HAS FORMULA

By HAL BOYLE
NEW YORK (AP) — Milton Berle, rich and famous and owner of a stockpile of at least eight million jokes, has a simple formula for staying healthy—blow your top!

"The quickest way to get ulcers is to hold in your feelings when you are upset or annoyed," the comedian said.

"I believe in letting them out—not in tears, but verbally. A good shout can prevent an ulcer."

Let Of Steam
"I learned that early in television. You have to let off steam. I believe this is true not only in the theatrical field, but in social life, at home and in business. It is one of the secrets of not getting in bad with your stomach."

Berle is a man who practices what he preaches. During a recent luncheon he was interrupted by a series of telephone calls. At each he erupted as regularly as

a geyser.
"Everybody thinks I'm Alexander Graham Bell," he grumbled.
Personal Euphoria
But he currently is in a state of personal euphoria and wide good will. Next month he acts as host on a bowling program.

"I've made so many comebacks I couldn't count them," he remarked cheerfully.
"This is something new in my career, but I've been a sports enthusiast all my life."

At 52, a veteran of 42 years in show business, the fast-talking comic says he has no real professional goals left to conquer.

He has starred in vaudeville, movies, radio and television, and he is still one of the nation's highest-paid night club performers.

A lifetime contract with the National Broadcasting Co. guarantees him a six-figure income annually until 1980.

Has Endurance
Many people have wondered how he has stayed on top so many years, but Berle, still as brash as a burp at a wedding ceremony, has no doubt. He feels it is the quality of endurance beaten into the real show world pros by hard times in their youth.

"Too many people simply give up too easily. You have to keep the desire to forge ahead, and you have to be able to take the bruises of unsuccess," he said.

"You have to be able to flop at McKeesport, to die at Steubenville—and still go on. Success is just one long street fight."

Here is Berle's philosophy, as

AWAIT DEATH FOR SLAYING

KEY WEST, Fla. (AP) — A homicidal drifter from Kentucky today awaited a death sentence for one of eight slayings to which he has linked himself.

An all-male jury deliberated only 55 minutes Wednesday before convicting Emmett Spencer of first-degree murder, without a mercy recommendation. 1. is makes it mandatory for Circuit Judge Aquilino Lopez Jr. to sentence Spencer to Florida's electric chair for the bludgeoning slaying of Johnnie T. Keen, 52.

Spencer took the verdict calmly. Keen, a Key West Navy Yard pipe fitter, was found fatally beaten in his home April 15. Spencer was captured in Keen's car at Leesburg.

Spencer testified Keen must have been killed by Leon C. Hammel, a Jacksonville bartender who was traveling with Spencer and Mary Catherine Hampton of Sandy Hook, Ky., Spencer's home town. Spenced said he later killed Hammel in self-defense.

He sees it:
"Do the best you can, when you can, if you can. Make people laugh and be happy yourself, or the whole thing isn't worth while."

Nine Md. Counties Keep Segregation

BALTIMORE (AP) — Nine of Maryland's 23 counties are expected to keep their public schools segregated this year, the State Department of education reports.

While Negroes can theoretically apply for transfer to white schools, this is not expected to occur in any of these counties, Dr. David W. Zimmerman, assistant state superintendent, said Wednesday.

The counties where segregation will continue this fall comprise most of Maryland's Eastern Shore and the southern counties of Calvert and St. Mary's. These areas are regarded as closest in the state to southern attitudes.

Church To Meet In Race Track Bar
LONG BEACH, Calif. (AP)—A newly organized, suburban United Lutheran church couldn't find other temporary quarters—so it will meet in a race track's clubhouse barroom.

The first services will be held at the Los Alamitos race track Sunday, Sept. 18.

"I admit this is highly unusual as a starting place for our church," said the Rev. H. Carl Roessler, pastor of the new congregation.

But it was used the race track

COLLEGES WILL REQUIRE TESTS

HARRISBURG (AP) — Dr. Charles H. Boehm, superintendent of public instruction, said that all freshmen at state colleges will be required to take college board entrance examinations this fall.

"This will bring about higher selectivity of students for state colleges," Boehm said in a statement.

Boehm pointed out, however, that the opportunity for admission to the colleges will not necessarily be limited to those with the highest scores on college board tests.

Report Results
Boehm's announcement was coupled with a report of results of tests taken by 4,000 sophomores from the 14 colleges.

The results, said Boehm, showed that Pennsylvania students were above national standards in social studies and writing, on an equal basis in science, and below average in reading and mathematics.

He predicted there would be marked improvement in the Pennsylvania student's showing in the coming years as a result of the new requirement for college board examinations.

facilities or nothing. Roessler said. He said 100 to 150 families have indicated interest in joining the church.

2,500 GUNNERS ARE SEEKING \$8,000 PRIZE

VANDALIA, Ohio (AP)—Trap-shooting offers its No. 1 showpiece today, the Grand American Handicap, and 2,500 shooters from all of North America, Australia and New Zealand were after the top prize which could run as high as \$8,000.

The event is the most unpredictable in sports and some novice generally win it.

The better marksmen are placed as far as 27 yards in back of the trap from which the flying clays emerge, while the lesser known are as close as 18 yards.

Canadian Wins

In Thursday's preliminary handicap, an exact copy of today's feature but carrying less prestige, the laurels went to Canada for the second time in seven years.

Karl Mikkelsaar Jr. of Calgary, Alta., outshot 250-pound E. D. Doyle, a 46-year-old southpaw from Reading, Ohio, 23 to 22 in a shootoff after they had deadlocked at 99 of 100.

Mikkelsaar is a native of Estonia, a naturalized U.S. citizen, but is working in Canada. He is vacationing near here. His prize, including the \$1,000 purse and the optional wagering system, should run around \$4,000.

Mikkelsaar fired from 20 1/2 yards and Doyle from 22.

Dwight L. Brown of Barbourville, Ky., and youthful Bobbie Lee Stifal of Casey, Ill., broke 98 from 26 yards, the best score ever fired from that point here, to tie seven others for third place.

MILLER SERVICES HELD

Funeral services for Harry A. Miller, 82, former York Springs general store operator, who died Monday evening at the home of a sister, Mrs. Harry Brough, York Springs R. 1, were held this morning at 10 o'clock at the Pittsford Funeral Home, York Springs, with the Rev. Norman L. Bortner and the Rev. Hugo Schroeder Jr. officiating. Interment was made in the Dillsburg Cemetery. The pallbearers were Clair Bowers, Merle Miller, Paul Wolf, Walter Wolf, Fred Stough and George Inskip.

SOUTH PENN MEETING

An important meeting of the South Penn Baseball League will be held Tuesday evening at the American Legion home, Baltimore St., at 8 o'clock, it was announced today by league officials. All members are urged to attend.

ELLIOTT SAYS HE'S FASTER

ROME (AP)—Poised on the brink of his first Olympic attempt, Herb Elliott, holder of the world's mile record, said today he is turning in faster practice times than ever before.

The 22-year-old marvel miler from Australia also reported he is "in good shape" for his 1,500 meter Olympic title bid and "everything is going fine."

"Some people claim I am not so fast now as I was in 1958," he added, "but we'll have to wait and see." It was in 1958 that he set world marks of 3:54.5 for the mile and 3:36.0 for 1,500 meters.

Elliott did not disclose what times he has achieved in tune-up sessions for the Olympic title.

OLYMPIC FIVE REPORTED NOT IN GOOD SHAPE

ROME (AP)—The powerful United States basketball team, overwhelming favorite to win a sixth straight Olympic title, may be below par physically tonight when it meets Italy in its opening game.

Coach Pete Newell said Allen Kelley, of the Peoria (Ill.) NBL team, may miss a few games because of a leg injury. And while 6-8 Jerry Lucas, the Ohio State All-American, has recovered from a foot injury, it's uncertain whether he'll start.

The other eight players, including All-American Oscar Robertson from Cincinnati and Jerry West of West Virginia, are in good shape.

"Not Well Organized"

Newell says the team "is still not as well organized as I'd like, but is in good playing condition and ready to go. We should reach our peak during the competition."

Eight games will be played today in the opening of the three-day first elimination round, the schedule started with Hungary defeating Japan 93-66.

The United States-Italy game goes on at 3:30 p.m. EST.

The 16 teams in the tournament have been split into four groups, with the top teams at Melbourne seeded into each of the groups. Two teams from each group advance to a semifinal round of eight teams. Then four more go into the final round. If form holds, the championship round should be a struggle between the United States and Russia.

ADVERTISE IN THE TIMES

3 DEADLOCKED IN MILWAUKEE \$30,000 OPEN

MILWAUKEE (AP)—The two fierce competitors squared off in a personal duel. One scrambled while the other performed with the skill of a surgeon. It wound up in a standoff.

Doug Ford and Ken Venturi matched contrasting styles Thursday and then had to settle for a share of the lead with young Johnny Pott in the opening round of the \$30,000 Milwaukee Open Golf Tournament.

Ford battled the course all the way. Venturi, amazed but not jolted by his playing partner's recoveries, had a comparatively easy time.

All Shot 65's

Ford and Venturi each handed in cards of five under par 31-34-65. Then they stood by as Pott, 24, a Louisiana State grad, blazed home with an 18th hole birdie for a 33-32-65 and a share of the lead.

"I recovered phenomenally," Ford, 38, a veteran from Yonkers, N.Y., said. "I made some bad shots, then came right back with good ones."

He collected five birdies with putts up to 35 feet.

"He was amazing," said Venturi, who talked more about Ford's performance than his own. "It was fantastic."

Palmer At 69

Bob Goolby, former University of Illinois football player, finished just one stroke off the pace with a 66. Right on his heels was Mason Rudolph, who was all alone with a 67.

Deadlocked with 68s were Cary Middlecoff, the two-time National Open and Milwaukee winner, Ted Kroll, Jerry Barber, Bill Collins, Bobby Brue of Milwaukee and Jim King.

Arnold Palmer, the Masters and U.S. Open champion, was in an eight-way tie at 69.

Thomas J. Winter Promoted In Army

Thomas J. Winter, 24, son of Mr. and Mrs. Thomas J. Winter, 225 Springs Ave., recently was promoted to specialist four at Fort Eustis, Va., where he is a member of the U.S. Army Transportation Training Command.

Winter, an accounting technician in the command's Headquarters Company, entered the Army in November, 1958 and completed basic training at Fort Dix, N. J.

Winter is a 1953 graduate of Gettysburg High School and a 1958 graduate of Gettysburg College. He is a member of Sigma Chi fraternity.

Soviet Owes On Huge Hotel Bill

PITTSBURGH (AP)—Officials of a Pittsburgh hotel are waiting patiently for the Soviet Union to pay a \$1,000 bill.

Manager John Penn of the Carlton House Hotel said Thursday the bill was incurred by Soviet newsmen during Premier Nikita Khrushchev's visit to Pittsburgh last September.

According to Penn, the hotel sent a discreet inquiry to the Soviet Embassy in Washington about the bill. The Soviet Union claimed it paid the bill in February, Penn said.

But, he added, the check never arrived and the Reds have promised to send another.

Eastern League

By THE ASSOCIATED PRESS

Williamsport came home today for a three-game series with Binghamton; a series that can decide the Eastern League pennant.

If the Greys win all three, they will clinch the pennant, for they defeated Reading 9-4 Thursday night and lengthened their lead to nine and one-half games. They have 15 left to play.

Binghamton, which was idle Thursday night, has 14 games left. A sweep of the series would give the Greys a 12 1/2 game lead. Mathematically, they would have the pennant.

Springfield won the only other game Thursday night, edging Lancaster 3-2 in 12 innings and sweeping a four-game series from the Red Roses.

Williamsport and Reading each had 11 hits, but the Greys—as usual—made theirs count as Norm Camp got his 12th victory against eight losses. Bill Fazekas (12-11) was the loser.

Lateish Tops Field For Legion Purse

CHARLES TOWN, W. Va.—Andrew J. Schnelzer's Lateish, who narrowly missed victory in his second start, heads the field in the Arlington Legion purse tonight.

Lateish takes on eight routers in the one mile run honoring Arlington Post 44 of the American Legion.

Shenandoah Downs goes into the weekend with a \$307,000 betting average, and hopes to push it to about \$312,000 by the end of Saturday's card.

Lateish will find stiff competition from Marryman Small's Capt. Ball, and Leo Grogan's Black Jewel in tonight's feature. Both have wins at this meeting and will be running down the stretch with dead a'm on Lateish who figures to be on top when the fields turns for home.

Four winners out of six were enough to collect \$1,010 for eight Shenandoah fans last night, the second time since pool wagering was introduced that four correct selections have topped the big prize. Three winners earned \$25 for 139 amateur handicappers.

DELANEY MAY QUIT BIG RACE

ROME (AP)—Ron Delaney, who attended Villanova College in the United States, threw a flutter into Irish hearts today—he may not defend his 1,500 meters Olympic title.

The lean Irishman, with the devastating finishing kick, said: "I shall run in the 800 meters, and if I feel good, I also shall run in the 1,500 meters."

That "if I feel good" comment left sports fans wondering if the 25-year-old Irishman will decide 1,500.

He will have to run six races on six consecutive days if he decides to take part in both events—and reaches the final in both.

Delaney doubts his fitness for such a program.

A back injury and then an achilles tendon injury interrupted his training this year. He's been working out in Dublin for the last six weeks, and neither injury has troubled him.

Delaney won the 1956 Melbourne 1,500 in a record 3:41.2 with a tremendous burst of speed over the last 300 meters—a style of running which was to become his trademark for the next three years.
